

St Mary's

One Family – Achieving more together

Home School Agreement 2022-23

At St Mary's CE Junior School, we believe that children learn best in a happy, secure and orderly environment because of their own positive attitude and that of the adults and children around them.

Our Christian values are at the centre of all that we do. Our core Christian Value is Love. In our school this is described in terms of being One Family, where each member is encouraged to love and respect themselves, others, God and his world. As a school, we explore and uphold several other Christian values to support the understanding and fulfilment of our core value, these are compassion, hope, curiosity and perseverance. The development of our Christian values is supported by the values of respect and responsibility, which link closely to pupils understanding of their rights as outlined in the United Nations Convention for the Rights of the Child,

Within school we encourage children to take responsibility for how they act both in terms of their behaviour and learning; understanding that how well they do is their own responsibility as well as their teachers' and parents'. Through this they will develop as citizens who both take on this responsibility and show respect for others both inside and outside of school.

Children have the right to an education and the responsibility to allow others to receive theirs.
