

One Family – Achieving more together

HEALTH AND SAFETY POLICY

January 2023		
Ms Caroline Welch - Headteacher		
Head teacher signature:	C Welch	Date: January 2023
Chair of Governors Signature:	M Wright	Date: January 2023
Policy due for review: January 2024		

Article 36: Children should be protected from any activities that could harm their development

STATEMENT OF INTENT

It is our policy to carry out our activities in such a way as to ensure so far as is reasonably practicable, the health, safety and welfare of our employees and all persons likely to be affected by our activities including the general public where appropriate. We will co-operate and co-ordinate with partnerships, contractors, sub-contractors, employers, Hampshire County Council departments and the occupiers and owners of premises and land where we are commissioned to work in order to pursue our Health and Safety Policy aims.

Our aims are to:

- Provide and maintain a safe and healthy working environment ensuring the welfare of all persons
- Maintain control of health and safety risks arising from our activities
- Comply with statutory requirements as a minimum standard of safety
- Consult with all staff on matters affecting their health, safety and welfare
- Provide and maintain safe systems, equipment and machinery
- Ensure safe handling, storage and use of substances
- Provide appropriate information, instruction and supervision for everyone
- Ensure staff are suitably trained and competent to do their work safely
- Continually develop a safety culture to remove or reduce the possibility of accidents, injuries and ill-health
- Assess risks, record significant findings and monitor safety arrangements
- Review and revise safety policies and procedures periodically and when circumstances may introduce a requirement to amend or improve arrangements
- Develop and maintain a positive health and safety culture through regular communication and consultation with employees and their representatives on health and safety matters

Our health and safety management system has been developed to ensure that the above commitments can be met. All staff and governors will be instrumental in its implementation.

ORGANISATION

Employer Responsibility

The overall responsibility for health and safety at St Mary's CE Junior School is held by the Governing Body. As far as is reasonably practicable they will:

- Set clear Health and Safety policies and procedures.
- Ensure that health and safety has a high profile
- Ensure adequate resources for health and safety are made available
- Consult and advise staff regarding health and safety requirements & arrangements
- Periodically monitor and review local health and safety arrangements

Responsible Manager

The Responsible Manager for the premises is the Headteacher who will act to:

- Ensure the school adopts the employers policies and procedures
- Develop a safety culture throughout the school.
- Consult and work with any recognised Trade Union Safety Representatives/employee representatives and safety committees
- Consult staff and provide information, training and instruction so that staff are able to perform their various tasks safely and effectively
- Assess and control risk on the premises as part of everyday management
- Ensure a safe and healthy environment and provide suitable welfare facilities
- Make operational decisions regarding health and safety
- Ensure periodic safety tours and inspections are conducted
- Ensure significant hazards are assessed and risks are managed to prevent harm
- Ensure staff are aware of their health and safety responsibilities
- Periodically update governing bodies/partnerships as appropriate
- Produce, monitor and periodically review all local safety policies and procedures

All Staff (including volunteers)

All staff have a statutory obligation to co-operate with the requirements of this policy and to take care of their own health and safety and that of others affected by their activities by:

- Supporting the school's health and safety arrangements
- Ensuring their own work area remains safe at all times
- Not interfering with health and safety arrangements or misusing equipment
- Complying with all safety procedures, whether written or verbally advised, for their own protection and the protection of those who may be affected by their actions
- Reporting safety concerns to their staff representative or other appropriate person
- Reporting any incident that has led, or could have led to damage or injury
- Assisting in investigations due to accidents, dangerous occurrences or near-misses
- Not acting or omitting to act in any way that may cause harm or ill-health to others

Safety Committee

The role of the safety committee is to assist in the assessment of safety related matters and provide appropriate support to the Headteacher. The safety committee periodically meet to monitor and discuss on-site health and safety performance, and recommend any actions necessary should this performance appear or prove to be unsatisfactory. Safety committee staff will be kept informed of all changes in practices and procedures, new guidance, accidents, incidents and risk related matters.

The safety committee consists of 3 members of school staff and one member of the governing body. They meet at least termly.

Specific Health and Safety Responsibilities

All Teachers & Support Staff

The responsibility of applying local safety procedures on a day-to-day basis rests with the teachers and supervisors. Where any new process or operation is introduced in the area of their responsibility, they are to liaise appropriately so that the associated risks are assessed and any precautions deemed necessary are implemented. They are to ensure that all new members of staff under their control are instructed in their own individual responsibilities with regards to health and safety, and they will appropriately monitor those new staff. They are to make periodic inspections of their areas of responsibility (classrooms) taking prompt remedial action where necessary to control risk.

On-Site Health & Safety Co-ordinator/Officer

The on-site health & safety co-ordinator is the deputy headteacher to the school will manage, advise and co-ordinate local safety matters on behalf of, and under the direction of the Responsible Manager. They are to work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

Fire Safety Co-ordinator

The Fire Safety Co-ordinator (FSC) for the school is the site manager.

The Fire Safety Co-ordinator will attend the Fire Risk Assessment Principals and Practice training course every 3 years.

The (FSC) is the competent person for fire safety on the premises and acts on behalf of the Headteacher. The FSC is responsible for the local management and completion of day-to-day fire safety related duties and upkeep of the fire safety manual.

The FSC will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team and the Property Services Fire Team as required.

Facilities Management Trained Staff

The Facilities Manager for the school is the Site Manager.

The Facilities Manager will attend the Safety Awareness for Facilities Managers training course every 3 years.

The facilities management trained employee is the competent person for the overall management of school premises and facilities, and acts on behalf of the Responsible Manager. They are responsible for the local management and completion of day-to-day premises tasks. They will work within their level of competence and seek appropriate

guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

Health & Safety Representative

The premises health and safety representative, Adam Whincup, non-union and locally nominated, will represent the staff with regard to their health and safety at work. They are expected to promote a positive safety culture throughout the premises and carry out the health and safety duties appropriate to their role in accordance with current guidance and legislative requirements.

Legionella Competent Person

The Nominated Responsible Person (NRP) for Legionella is the site supervisor.

The NRP will complete the Legionella e-learning course annually.

The Nominated Responsible Person for Legionella on the premises acts on behalf of the Headteacher to provide the necessary competence to enable Legionella to be managed safely.

The Legionella competent person will ensure that all periodic and exceptional recording, flushing, cleaning and general Legionella management tasks are correctly completed and recorded in accordance with departmental and corporate requirements. He will work within his level of competence and seek appropriate guidance and direction from the headteacher and/or Property Services as required.

Asbestos Nominated Responsible Person

The Site Manager is the nominated responsible person for asbestos on the premises. The NRP will attend the Hampshire Scientific Services Asbestos awareness taught course on appointment. They will also complete the Asbestos e-learning course annually. The NRP will act on behalf of the headteacher to provide the necessary competence to enable asbestos to be managed safely in accordance with Corporate Procedure.

The NRP will ensure that all employees have a reasonable awareness of asbestos management and dangers, that appropriate staff are competent in the use of the asbestos register, and that asbestos is managed in accordance with departmental and corporate requirements. They will advise the Headteacher of any condition or situation relating to asbestos which may affect the safety of any premises users.

They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

Accident Investigator

The on-site trained accident investigators are the deputy headteacher and the site supervisor. They will attend training every 3 years. They will lead on all accident investigations in accordance with departmental and corporate procedures.

COSHH Assessor

The COSHH Assessor is the site manager. The COSHH Assessor will attend the COSHH assessor training course every 3 years.

The COSHH Assessor is the competent person for the assessment of all the hazardous substances on the premises. They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

Risk Assessor

The Risk Assessors are the deputy headteacher and site supervisor. The Risk Assessors will attend Risk Assessor training every 3 years. The Risk Assessors act on behalf of the Headteacher to ensure risk assessments are completed and hazards are identified and managed.

They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

Work at Height

The competent person for work at height is the site supervisor.

They will attend the Caretaking Support Service Ladder & Stepladder Safety course every 3 years. The competent person for working at height acts on behalf of the Headteacher and will ensure work at height is carried out safely.

They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Children's Services Health & Safety Team as required.

ARRANGEMENTS

The following arrangements for health and safety have been developed in accordance with the Management of Health and Safety at Work Regulations 1999. These arrangements set out all the health and safety provisions for St Mary's CE Junior School and are to be used alongside other current unit/centre/school/premises procedures & policies.

In carrying out their normal functions, it is the duty of all managers and staff to act and do everything possible to prevent injury and ill-health to others. This will be achieved in so far as is reasonably practicable, by the implementation of these arrangements and procedures.

Accident/Incident Reporting & Investigation

The on-site management, reporting and investigation of accidents, incidents and near misses is conducted in accordance with the governing body and Hampshire's corporate procedure requirements.

Any accident, incident or injury involving staff, visitors, contractors, and the more serious accidents/incidents to pupils will be reported on the HCC Accident/incident reporting system. A copy of the completed incident report is automatically received by the Children's Services Health & Safety Team, the person who reported the incident, and the Manager/Accident Investigator.

Following the completion of an online accident report, an investigation must be carried out as soon as practicable after the accident. Managers will receive an email request to complete an investigation, with a link to the investigation form.

Minor accidents to pupils will be recorded on Medical Tracker.

The Children's Services Health and Safety Team will review every incident reported on the online system and identify which are notifiable to the Health & Safety Executive (HSE)

under the Reporting of Injuries Diseases and Dangerous Occurrences Regulations (RIDDOR). If reportable, the Children's Services Health and Safety Team will report the incident to the HSE, and a copy of the report will be sent to the school. (In Non-HCC controlled schools, the report to the HSE will need to be completed by the Employer.)

The Headteacher will ensure that the governing body/senior management is informed of all incidents of a serious nature. All accident/incident reports will be monitored by the headteacher and the Resources Committee for trend analysis to prevent reoccurrences. The full governing body should be regularly updated on monitoring and any trends identified.

Community Users/Hirers/Extended Services must report all incidents related to unsafe premises or equipment to the school, who will report and investigate each incident. Incidents related to the user's own organised activities are to be reported by them in line with their own reporting procedures.

Asbestos Management

Asbestos management on site is controlled by the Nominated Responsible Person (NRP) for Asbestos. The asbestos register, as issued by the Asbestos Team, is located at the main office and is to be shown to all contractors who may need to carry out work on site. Contractors and anyone undertaking intrusive work must read and sign the register prior to being permitted to commence any work on site.

The Responsible Manager and the Nominated Responsible Person must complete the asbestos checklist relevant to their role (one for each role) when they are appointed. Copies of these must be retained with the asbestos register.

The Responsible Manager and the NRP will complete the Asbestos Awareness e-learning annually. The NRP will also attend the Hampshire Scientific Services half day attendance course once.

Any changes to the premises' structure that may affect the asbestos register information will be notified to the Asbestos Team in order that the asbestos register may be updated accordingly.

Under no circumstances must contractors or staff drill or affix anything to walls that may disturb materials without first checking the register and/or obtaining approval from the NRP.

Any damage to any structure that possibly contains asbestos, which is known or identified during inspection, should be immediately reported to the headteacher and/or the NRP who will immediately act to cordon off the affected area and contact the Asbestos Team for guidance. Any contractor suspected to be carrying out any unauthorised work on the fabric of the building should be immediately stopped from working and immediately reported to the headteacher and/or NRP.

Community Users/Lettings/Extended Services

The headteacher will ensure that:

- Third parties and other extended service users operate under hire agreements
- A risk assessment for the activity is completed and shared with relevant parties
- The risk assessment for the premises is shared with the user/hirer
- The premises are safe for use and is always inspected prior to, and after each use

- Means of general access and egress are safe for use by all users
- All provided equipment is safe for use
- Fire escape routes and transit areas are safe and clear of hazards
- Hirers/users are formally made aware of fire safety procedures and equipment

Contractors on Site

For HCC schools contractors will be selected from HCC minor works framework where possible. If the minor works framework cannot be used, the Selection of Safe Contractors Assessment Checklist will be used to ascertain competence and suitability prior to engaging their services. The school's Management Surveyor will be contacted for further guidance.

All contractors must report to the School Office where they will be asked to sign the visitor's book and asbestos register. All contractors must be issued with the local written contractor induction brief that includes all relevant details of fire safety procedures & local safety arrangements.

School staff are responsible for monitoring work areas and providing appropriate supervision.

Curriculum Activities

All safety management and risk assessments for curriculum based activities will be carried out under the control of the relevant subject leaders using the appropriate codes of practice and safe working procedural guidance for Design & Technology, Science, Music, Physical Education & Sport, Art, Swimming and Drama as issued by CLEAPSS, HIAS and Hampshire County Council.

Display Screen Equipment

All Display Screen Equipment (DSE) users will complete the display screen equipment e-learning course annually.

All DSE users will carry out periodic workstation assessments using the Corporate Workstation Assessment Form. Findings from the workstation assessments will be actioned as necessary by line managers and routinely reviewed at intervals not exceeding three years.

DSE users have the right to request regular free eyesight tests and be reimbursed towards spectacles if required for DSE use.

Electrical Equipment

The headteacher will ensure that:

- Only authorised and competent persons are permitted to install or repair equipment
- Equipment is not to be used if found to be defective in any way
- Defective equipment is to be reported & immediately taken out of use until repaired or disposed of
- All portable electrical equipment will be inspected/tested at intervals of an annual PAT test and a six monthly visual test on class 1 portable equipment
- Equipment testing/inspection can only be carried out by a competent person.
- The competent person is to be from an external contractor. No school staff are certified to carry out PAT testing.
- Personal electrical equipment is not to be brought onto the premises or used unless its use is approved by management and it has been tested

- New equipment must be advised to the headteacher in order that it can be added to future PAT testing schedules

Any defective or suspected defective equipment, systems of work, fittings etc. will be removed from use, reported to the headteacher and/or site manager and repaired or disposed of as soon as possible.

Emergency Procedures

The Headteacher will ensure that emergency procedures for non-fire related emergencies (gas leak, bomb threat, flooding etc.) are in place.

All employees will receive information, training and instruction on the non-fire emergency procedures and evacuation plans on induction. Employees will be periodically provided with updated information as the emergency procedures are routinely reviewed and amendments are introduced.

Personal Emergency Evacuation Plans will be completed and reviewed for any vulnerable persons to ensure provision of safe, assisted evacuation in the event of an emergency incident.

Fire Safety

Arrangements regarding fire safety are set out in the Fire Safety Manual. The fire safety co-ordinator is the competent person for fire safety on the premises and is the immediate point of contact for all fire safety related enquiries on site.

The Headteacher as Responsible Manager will ensure through the Fire Safety Co-ordinator that:

- All employees complete the mandatory fire safety induction e-learning course every year
- Fire safety information is provided to all employees at induction and periodically thereafter
- Fire evacuation procedures, fire safety training and fire equipment inspection and testing are carried out in accordance with corporate guidance and the premises fire safety manual
- The fire manual is reviewed annually by the Fire Safety Co-ordinator, the Headteacher, and Governors making the necessary amendments
- Information from the fire risk assessment is shared with employees annually

The Responsible Manager will ensure that trained Fire Marshals are in place to assist in fire evacuation.

First Aid

Arrangements regarding first aid provision are set out in the First Aid Policy. The names and locations of the first aid trained staff on site are listed in the first aid policy and also clearly signposted around the school.

A First Aid Needs Assessment will be carried out to determine the level of first aid provision required and is completed by the deputy head together with office staff annually. First aid provision will be regularly monitored, and equipment checks recorded.

First aid is never to be administered by anyone except first aid trained employees with in-date training certification, operating within the parameters of their training.

Glazing

Glass and glazing on-site has been surveyed by Property Services and risk assessed by the school. The survey and assessment document is kept electronically in the health and Safety file on the school network and is reviewed and updated when there are changes to the premises and/or glazing.

Any damaged glazing will be reported to the site supervisor and headteacher and made safe and replaced as soon as possible.

Good Housekeeping

Good housekeeping is an essential factor in effective health and safety. The following conditions will be adhered to:

- All corridors and passageways kept free from obstruction
- Shelves in storerooms and cupboards stacked neatly and not overloaded
- Floors kept clean, dry, and free from slip and trip hazards
- Emergency exits, and fire doors not obstructed in any way
- Supplies stored safely in their correct locations
- Rubbish and litter cleaned and removed at the end of each working day
- Poor housekeeping or poor hygiene conditions are reported

COSHH and Hazardous Substances

Hazardous substances, materials, and chemicals are not permitted to be used on-site until:

- Safety data sheets have been obtained
- A written COSHH assessment is completed by the trained COSHH assessor (Site Supervisor) COSHH assessment sheets are stored in the medical room and in the school kitchen.
- The product is approved for use by the Headteacher

When using a hazardous substance, employees will ensure that adequate precautions are taken to prevent ill-health and injury to themselves and others. Employees will be trained before using a hazardous substance and must follow safe working practices and use protective equipment if identified in the COSHH assessment.

All hazardous substances are to be stored, in accordance with the relevant safety data sheets, in the secure and signed storage when not in use which are the Site Managers room, the Kiln room and the external Site Managers storage room for this premises. These are to remain locked at all times.

Inspections and Monitoring

It is the responsibility of all employees to monitor the condition of their workplace throughout the day.

Periodic documented inspections of the premises will be carried out monthly and inspection findings will be recorded on the locally adapted Premises Safety Inspection Checklist.

A daily check of the premises is undertaken by the site supervisor on opening up the school.

All defects identified must be reported to the site supervisor and any identified high-level risks or safety management concerns will be addressed with the headteacher. The termly H&S web monitoring form will be completed by the deputy headteacher and site supervisor. The monitoring form focuses on different areas each term and is an integral part of the School's and Children's Services Health and Safety Team's monitoring programme.

Kitchens

The main kitchen area is only to be used by authorised employees/third party.

The main kitchen is managed by HC3S. Any persons not normally authorised but wishing to enter the kitchen area must gain approval prior to entry and must strictly adhere to the kitchen safe working practices.

Relevant safe systems of work and risk assessments will be shared between the HC3S and the school.

Legionella Management

The Legionella Nominated Responsible Person (NRP) will manage and undertake all processes regarding Legionella in accordance with Hampshire County Council corporate procedure. They will:

- Record sentinel point temperatures on the online reporting system
- Regularly flush unused outlets
- Report any alterations to the water system
- Undertake descaling and disinfection

Lone Working

A risk assessment will be carried out to categorise each lone workers role and the risk presented, in accordance with the Corporate Lone Working Procedure.

Lone working will only take place:

- With the Headteacher's approval
- Following risk assessment
- Where it cannot be avoided

The lone working arrangements for employees who undertake lone working on this site is recorded in the school's lone working policy.

Moving and Handling

All staff will complete the moving and handling e-learning course every year without exception.

Staff, volunteers or visitors are not permitted to regularly handle or move unreasonably heavy or awkward items, equipment, or children unless they have attended specific moving and handling training.

The Site Supervisor is expected to undertake regular physical work which would typically include regular moving and handling; therefore, they will attend a formal moving and handling course specific to the work requirements.

All moving and handling tasks are risk assessed before they are undertaken in accordance with the Corporate Moving and Handling Procedure.

Off-site Activities

Arrangements regarding off-site activities are managed in accordance with the Hampshire Outdoors procedures and guidance.

Provision of Information

The Headteacher will ensure that staff are periodically provided with information regarding safety arrangements. This information is shared in staff meetings, meeting minutes and email distribution.

Visitors and Contractors are provided with Health and Safety Information on arrival through information displayed at reception when signing in.

The Health and Safety Law poster is displayed in the staff room.

Local health and safety advice is available from the responsible manager (headteacher) and the Children's Services Health & Safety Team can provide both general and specialist advice which is available on their website or on request.

Risk Assessment

Risk assessments will be carried out where a significant risk is identified or is reasonably foreseeable.

The trained risk assessor will oversee the completion of risk assessments. Risk assessments will be carried out by staff with the appropriate knowledge and understanding of the area, task or equipment being assessed.

All risk assessments and associated control measures will be approved and signed by the Headteacher or deputy Headteacher.

Completed risk assessments are stored in the health and safety folder on the school network and will be reviewed periodically in accordance with the risk assessment review schedule or when there are changes.

Staff will be informed, where appropriate, of hazards and control measures identified in risk assessments. Risk assessments will be shared with staff and relevant third parties periodically and when there are changes.

Smoking

Smoking and the use of e-cigarettes/vaporizers is not permitted on school premises.

Stress & Wellbeing

St. Mary's CE Junior School is committed to promoting a high level of health and wellbeing and recognises the importance of identifying & reducing workplace stressors.

Stress management through risk assessment and appropriate consultation with staff will be periodically reviewed and acted upon in accordance with the Health & Safety Executive's Stress Management Standards. The Hampshire Employee Support line is available to school staff. Staff have access to free, confidential and impartial Employee Support, provided by Health Assured.

Traffic Management

The school has a written Traffic Management Plan with arrangements regarding on-site traffic safety. The plan includes:

- A site plan diagram showing traffic and pedestrian routes, loading and parking areas
- Site plan check sheet
- Safe system of work; this can be included in the site plan check sheet
- Risk assessments where necessary

A copy of which is stored in the Health and Safety Folder on the school network. Arrangements will be shared with employees and relevant third parties.

Training

Health and safety induction training will be provided and recorded for all new staff/volunteers in accordance with the New Staff Induction Checklist.

The Headteacher will ensure that all staff are provided with adequate information, instruction, and training regarding their safety at work. Training needs analysis will be conducted, from which a comprehensive health and safety training plan will be developed and maintained.

All staff will be provided with the following training as a minimum:

- Induction training including the requirements of the school health and safety policy
- Local training including risk assessments and safe working practices
- Information following health and safety policy or procedural changes
- Relevant annual e-learning courses to meet mandatory corporate training requirements
- Role specific training
- Refresher training as required

Training records are held by the Office Manager who is responsible for co-ordinating all health and safety training requirements, maintaining the health and safety training plan, and managing the planning of refresher training for all staff.

Violent Incidents

Violent, aggressive, threatening or intimidating behaviour towards staff, whether verbal, written, electronic or physical, will not be tolerated at St. Mary's CE Junior School.

In accordance with the Corporate Procedure on violence and aggression, staff should be categorised using the control menu. Control measures will be documented on the Violence & Aggression Risk Assessment. The risk assessment will be shared with relevant staff and reviewed on a regular basis.

Employees must report all violent and aggressive incidents using HCC's confidential online reporting system. Incidents will be appropriately investigated, and control measures reviewed to reduce the risk of similar incidents occurring in the future. Incidents will be reported as close to the incident date as possible.

Violent incidents between children will be reported locally on CPOMS.

If a child is injured following violence between children, it will be reported as an accident on the online reporting system.

Visitors

All visitors must initially report to the main reception where they will be provided with the key health, safety, and fire safety information to enable them to act appropriately and safely in the event of an incident.

Visitors to the premises will sign in at reception and be given a visitors pass to where while on the premises.

Whilst on site visitors will be supervised as necessary by the member of staff they are visiting or working with.

Vulnerable Persons

Where there are vulnerable persons (for example a young person, new or expectant mother, someone with a disability or temporary or permanent medical conditions etc.) working or visiting the premises, a risk assessment will be completed. Appropriate procedures will be implemented, and arrangements for the health, safety, and welfare of vulnerable persons on school premises will be suitably managed.

Work Equipment

All equipment requiring statutory inspection and/or testing in school will be inspected by appropriate competent contractors.

All staff will check work equipment prior to use. Any defective or suspected defective equipment must be removed from use, reported to the Site Supervisor and repaired or disposed of as soon as possible.

Work at Height

Work at height will be undertaken in accordance with the Corporate Procedure on Work at Height and the Children's Services Health and Safety Guidance.

All general work at height will be carried out in accordance with the on-site general risk assessment. A separate risk assessment will be carried out for higher risk tasks.

The trained competent person for work at height at school will:

- Use steps, stepladders, and leaning ladders in accordance with their training
- Provide step stool instructional training briefs to employees
- Provide stepladder and steps training to employees using the Children's Services *Stepladder & Steps Safety* user PowerPoint presentation
- Carry out and record periodic inspections of all ladders, stepladders, and podium steps used on-site
- Remove access equipment from use if defective or considered unsuitable for use

The competent person for work at height, and all other employees, are not permitted to use any other access equipment for work at height without specific training. This includes the use of scaffolding, mobile towers, and mobile elevated work platforms.

School employees are not permitted to work on roofs.
